

How to Register for CACCA Individual Competitions

This year will be different from years past with regard to entering the CACCA Individual competitions. Just like in years past, there will be individual competitions in the following areas: Portraits, Photojournalism, Nature, and Creative. These categories will each have three competitions for the year. Also, new for this year will be monthly "Special Themes" competitions from October through May. In the past, most of these have been print competitions. However, since there will be no print competitions this year - there will only be DPI submissions.

Anyone in our club may enter up to four images in each of these contests, BUT YOU MUST REGISTER (this is new) to be eligible, Below is the registration procedure - it only needs to be done by you once, and it will cover you for all of these Individual contests.
