Raptor Shoot - Barry Rosenberg

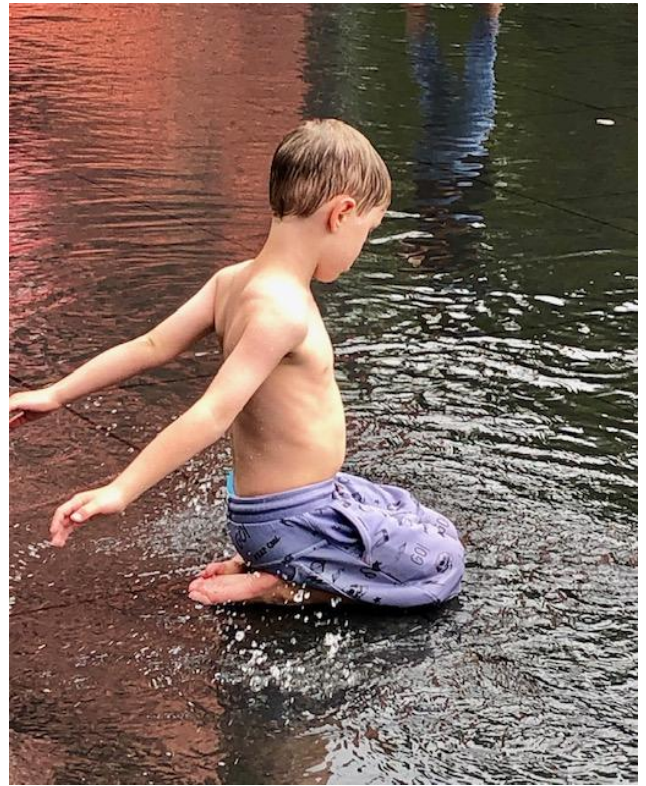

SOAR stands for Save Our American Raptors. They are located in Earlville, IL, which is about an hour and a half drive. I am told that they provide great photo ops. We have a private session for our club only, on **October 5** of this year. If you are interested in attending, please email me. They request a group of at least ten people, so please let me know as soon as possible if you can make it.
